Account Created: 25/11/2025

Business Details

Problem Being Solved

Buying run down property and fixing it up for profit and to provide affordable accomodation

Unique Value Proposition

The professional touch provided and ensuring that the run down property is built to standard using qualified workmen only.

Technology & Innovation

This is not related to IT or programming. This is strictly to do with property

This is not applicable as the business focuses exclusively on the property and has nothing to do with all these

Vision Statement

This is not applicable to my project or intended invention as it is mainly around IT which is not the area I am thinking of for this innovator piece of work

Market Analysis

Market Size

This is not applicable to my project or intended invention as it is mainly around IT which is not the area I am thinking of for this innovator piece of work

Competitors

most competitor are big banks and building society. I am not able to provide specific names as this is spread across multiple region and society. But this are banks

Competitive Differentiation

Being able to provide low cost housing. The whole idea will be to source the property below market value, and then supervise the project to reduce build cost and then sell and make a profit

Customer Interviews

This is not applicable to my project or intended invention as it is mainly around IT which is not the area I am thinking of for this innovator piece of work

Letters of Intent

This is not applicable to my project or intended invention as it is mainly around IT which is not the area I am thinking of for this innovator piece of work

Willingness to Pay

This is not applicable to my project or intended invention as it is mainly around IT which is not the area I am thinking of for this innovator piece of work

Founder Background

Education

Msc in Cyber Security Salford University Manchester

Work History

Worked in IT industry for over 15years. However, this solution I am proposing is outside IT and has to do with property

Achievements

no awards or publication. My innovation is strictly around property development and solution to help provide social housing to low earning communities

Relevant Experience

This is not applicable to my project or intended invention as it is mainly around IT which is not the area I am thinking of for this innovator piece of work

Relevant Projects

This is not applicable. My innovation is strictly around property development and solution to help provide social housing to low earning communities

Product & Traction

Product Status

Just an idea about starting a property business where I go up north to buy cheap run down property and then flip them for profit

Existing Customers

none

Traction Evidence

none as this is still new new business which I am developing ideas for

Technical Details

Technology Stack

This is not related to IT or programming. This is strictly to do with property

Data Architecture

This is not applicable as the business focuses exclusively on the property and has nothing to do with all these

AI Methodology

This is not applicable as the business focuses exclusively on the property and has nothing to do with all these

Compliance Design

The Regulator of Social Housing (RSH) regulates for a viable, efficient, and well governed social housing sector able to deliver quality homes and services for current and future tenants.

We do this by setting standards and carrying out robust regulation focusing on driving improvement in social landlords, including local authorities, and ensuring that housing associations are well-governed, financially viable and offer value for money. We take appropriate action if the outcomes of the standards are not being delivered.

Patent Status

No patent filed for this

Financial Information

Revenue Model

This is not applicable to my project or intended invention as it is mainly around IT which is not the area I am thinking of for this innovator piece of work

Monthly Projections

This is a new business and not relevant to what I anticipated this platform to do. I have worked out the monthly cashflow and I was expecting this system to do this for me. However, I need to re-emphasize that this is a housing solution and all these fields are not important

Funding Sources

the initial 100,000 will be self funding from a combination of savings and loans borrowed from bridging loan providers

Detailed Costs

Development: £40K, DCB0129: £20K, DCB0160: £30K, Marketing: £15K, Operations: £10K, etc. Healthcare requires regulatory costs! This is just copied as it doesn't apply

Key Metrics

Customer Acquisition Cost (CAC): £50000

Lifetime Value (LTV): £50000

Payback Period: 9 months

Growth & Expansion

Expansion Plans
